

ANNUAL REPORT 2018

67th UN Conference (2018)

In 2018, Vanguard Service Brigade International proudly participated in the 67th UN Conference, where we advocated for educational opportunities for at-risk youth. Our representatives shared insights from our outdoor youth programs and presented case studies demonstrating how skill development initiatives can transform the lives of vulnerable children. This platform allowed us to connect with international partners and expand our network of support for marginalized communities across multiple countries.
